ChildPlus Attendance App - Open Classroom? Question Box

Richard Woolf - 2026-05-07 - [ChildPlus](#)

Open Classroom?

Attendance has not yet been taken for <classroom>. Would you like to take attendance?

If you ever see this screen when logging into the ChildPlus Attendance app, do not worry! It will ask you if you want to take attendance for the most recent classroom that had been selected when last using the attendance app. All you need to do is click the **YES** button. Then you can use the attendance app as you normally would.

If you need to change the classroom, just click on the current classroom name at the top left of the screen and select your new classroom.
