ChildPlus Online To-Do List Module Training Video

Richard Woolf - 2026-08-18 - [ChildPlus](#)

ChildPlus Online To-Do List Module

Use the To-Do List to:

- Track system-related tasks
- Health Events that are about to expire
- Follow-ups that need to be completed for absent participants
- Immunizations coming due
- Set up & assign appointments to yourself or other users
- Configure ChildPlus to send automatic emails for tasks and action items
