"Children Missing Default CACFP Status" Error Message

Richard Woolf - 2023-08-29 - [ChildPlus](#)

Children Missing Default CACFP Status

The following individuals do not have a default CACFP reimbursement status in their participation record:

Pebbles Flintstone

To resolve this issue, go to the Services - Attendance module and add a default CACFP status (located in the CACFP Information section). Then, use the attendance grid to add a CACFP Status for the existing attendance records

OK

You will get this **CHILDREN MISSING DEFAULT CACFP STATUS** error message whenever the CACFP Status has not been set for that specific child. You will notice that the instructions for how to resolve it are given right in the error message:

1. Go to the **SERVICES** tab
2. Select the **ATTENDANCE** module
3. Scroll down until you get to the **CACFP INFORMATION** section
4. All students should have "F - Free (Full Reimbursement)" selected in the **CACFP Status** drop down menu
