Why is my CLASS® Score Report Not Accurate / Missing CLASS® Scores?

Richard Woolf - 2026-01-05 - [ChildPlus](#)

ChildPlus Reports Do Not Match Data From CLASS®

CLASS® Reports:

5610 Pre-K CLASS® Observations List

5620 Pre-K CLASS® Score Chart

5630 Pre-K CLASS® Average Score Charts

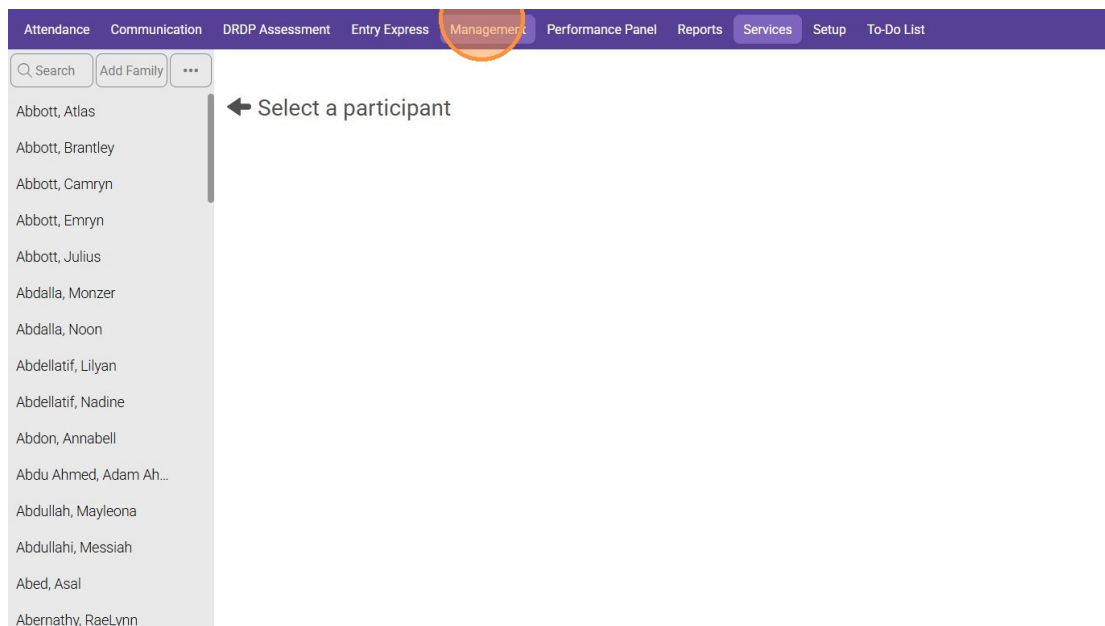

5633 Pre-K CLASS® Attachment Listings

If you have run one of the CLASS® reports, and believe some of the scores you have entered into ChildPlus are missing from the report, double check that the CLASS® scores you entered are added to the correct program year. If the wrong program year has been selected. The CLASS® score will not appear in the correct ChildPlus report.

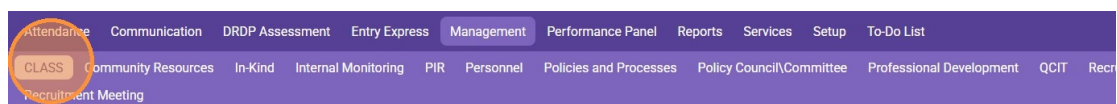

When entering the CLASS scores, it is imperative that scorers select the correct program year.

How to Select PROGRAM TERM when adding a CLASS Observation Score

1. In ChildPlus Online, click the "Management" module

2. Click the "CLASS" tab

↑ Select a module

3. Click "Add CLASS® Observation"

For observation materials, learn about CLASS® professional development options, and get free CLASS® resources at store.teachstone.com or call 866.998.8352.
