Important Update for ChildPlus Users

2025-02-27 - Richard Woolf - [Database](#)

We are beginning the rollover process!

The 25-26 Program Year has been set up in ChildPlus.

BE AWARE of where you are clicking so you do not add information to the wrong year!!

DO NOT engage with any of the 25-26 records until you receive further instructions.

Thanks!

Hope Cypryla

Director of Quality Assurance
